

Congratulations and Best Wishes to IDOC Retirees!

In the recent weeks and months, many experienced and valuable Indiana Department of Correction employees have started the next phase in their lives and began their retirement journeys. A great number of those employees served the State of Indiana for well over 20 years. Because of that, the Agency would like to recognize those who did so much for the State and thank them for jobs well done.

A few retirees, with significant years of service to Indiana, received Distinguished Hoosier awards in recognition of their retirement. From Westville Correctional Facility, Frances Watson (42 years of service), Carolyn Taylor (42 years of service), Larnice Jones (42 years of service), George Patten (38 years of service), and Michael Paige (37 years of service) each received Distinguished Hoosier awards for their service.
